Centier Bank offers incentives for consumers to increase their financial knowledge

Page 2

The School City of Hammond is the first school entity to offer the program to their students. Dr. Steve Watson, Director at Hammond Adult Education, believes that “This is another tool to be used in making effective financial decisions for both our English, and limited English speaking adults. They will be able to acquire the financial knowledge and skills they so critically need to better manage their personal financial affairs.”

The individual lessons are currently available on Centier’s financial literacy page – www.centier.com/community/schools and; School City of Hammond’s website – www.hammond.k12.in.us. ; FDIC’s link is <http://www.fdic.gov/consumers/consumer/moneysmart/mscbi/mscbi.html>.

Centier Bank also welcomes the opportunity to coordinate “train the trainer” sessions for schools or organizations that prefer to use these programs in a classroom setting. For more information, contact Dian Reyome, Centier Bank Community Relations Coordinator at dreyome@centier.com or 662-3333 x 323. All successfully completed module certificates should be mailed to her at 109 East Joliet Street, Crown Point, IN 46307. Please include return name and address so that the incentive/coupon can be mailed to the student.

For more information on Centier’s financial literacy efforts, please visit www.centier.com/community/schools.
